Assembly Instructions

Kit includes: (A), Nylon bag (B), Oasis unit

1 Take off the rubber band holding the arms on both ends. (first time only)

2 After rubber band is off, remove plastic from the arms. (first time only)

3 Loosen the string on the bag and turn upside down.

4 Set the tripod base on the ground and slowly lift the nylon bag

5 Pull the bag off of the stand all the way, and snap the arms into place.

6 Now the stand is ready.

7 To put away, hold all of the arms down.

8 Pull the nylon bag over the unit while holding the arms.

9 Continue to pull the nylon bag over the unit while holding the arms on the other side.

10 Pull the bag the rest of the way.
