7. Soft Case

Display Set-up

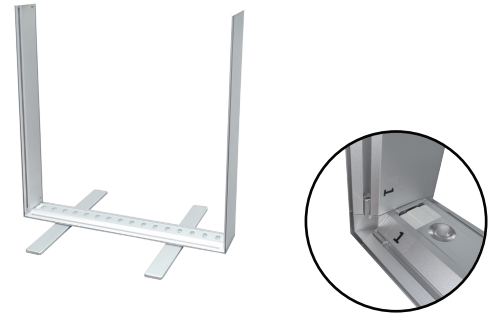

Step 1

Set Bottom Assembly (1) on floor and rotate both feet 90 degrees.

Step 2

Assemble Vertical Supports (2) to Bottom Assembly with Feet (1) by matching numbered stickers.

Step 3

Assemble Countertop Assembly (3) to each side of the Vertical Supports (2) by matching numbered stickers. LED lights will NOT illuminate if not assembled following the numbered stickers.

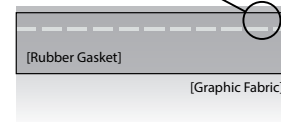

Step 4

Insert the graphic's gasket edges into the frame, by inserting each corner into the frames four corners, then work around the frame alternating opposite sides until complete. Loop for removing Graphics (4) will be at bottom corner.

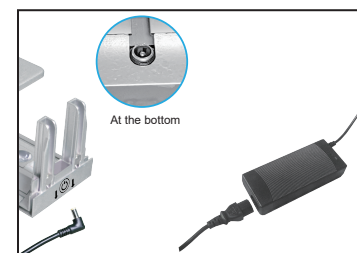

Insert stitched side of the gasket first

To remove the graphics, pull the loop found on the corner.

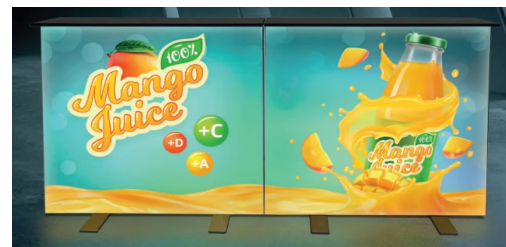

Step 5

Attach male end of Power Cord Adapter (6) to female connection located on the underside of the Bottom Assembly with Feet (1). Plug male end of Power Cord (5) into Power Cord Adapter (6). Plug Power Cord (5) into power source. The top and bottom of frame will light up when plugged in if correctly assembled.

Optional

To connect multiple frames, place frames together side by side to engage magnets located on top & bottom sides of frame.

Storage & Care

Store in a cool, dry place. To clean hardware, wipe with a damp cloth. Do NOT dry clean graphic, can Steam Clean wrinkles.
